FRENCH CLASS ACTIVITIES

The Year 5,6&7 Class

This term the class has been learning about The French Revolution and Bastille Day celebrations.

"I am in the process of making a scratch presentation about the French Revolution. I have learnt that the poor French people were sick of being badly ruled by King Louis the 14th and Queen Marie Antoinette and so they started a rebellion and stormed the Bastille Prison and set the prisoners free and stole weapons." **Harry R.**

"I learnt about why the French have Bastille Day as their national holiday. I also learnt that when they set fire to the Bastille Prison they were able to let all of the prisoners out. Hence the beginning of the French Revolution which saw the overthrow of the King and Queen. I have enjoyed learning about The French Revolution and I have been doing more research on this topic." **Harrison M.**

The Year 3&4 Class

This term the class has done work on the Tour de France and Les Magasins (shops).

Tallara produced a great paragraph written in French about shops in Mount Gambier.

In my town there is a school which is called Mil-Lel Primary School.

There is a swimming pool.

There is a theatre in the town centre which is called Sir Robert Helpmann Theatre.
