

## RECEPTION / YEAR 1 CLASS

As part of the Geography curriculum, we have begun exploring, and making observations about, local places. One of the things we have done is discuss how different places within the school are used. The children have identified their favourite places in the school and explained why those places are special to them. They have recorded some observations about their special places.

My special place at school is

the playground  
"the playground"

This place is special to me ~~is~~ because
